Seasonal celebrations

Objects of Reference, signing and other modes of communication will be used to help pupils plan their evening.

Pupils also have access to the fitness suite, multi-sensory areas (including the Harris Centre, Space and ball pool, computers, The Mendoza Library, trampolines, play area and specialist bikes.

Pupils are encouraged to participate in a range of activities but also have the opportunity to “chill out” or use their free time as they wish.

Please note:

All activities are subject to change and weather permitting. Children and young people are encouraged to choose from a variety of activities. All children and young people follow a waking day curriculum and have individualised targets which are achieved in a variety of environments and giving daily opportunities to enhance and learn life skills.

The children and young people can swim either in the main pool or the hydrotherapy pool with a tailored programme specifically aimed to the level of the pupil, these sessions are delivered by our qualified swimming staff from the Sarah Harris Swim School.

Children and young people will only use the swimming and Hydro pool, if they have a swimming risk assessment.

Have a lovely Summer!
