Dear families

Curriculum themes for this term

As you know, our curriculum follows an overarching yearly theme, which is then broken down into 3 termly themes. This allows us to meaningfully support our student's access to learning, whilst promoting their engagement and motivation through the implementation of innovative and exciting lessons.

This year our overarching theme is: Passport to the World, and the autumn term's theme is: Adventures.

If you would like any further information regarding the teaching and learning taking place within class, please contact your child's class teacher, through the home school diary.

Tomorrow we will be marking National TA Day by celebrating all of our support staff teams.

The next newsletter will be on Friday 9th October.

Have a lovely weekend.
